LIBRARY.

For the last fifteen years my predecessors have, in their official reports, called attention to the unsuitableness of the room in which the Legislative Library was kept, its inconvenient arrangement, and the somewhat damaged condition of the books, and recommended its better arrangement and preservation, but no appropriation was made for that purpose.

The library has already become voluminous and valuable; it now contains from six to eight thousand volumes and documents, and contributions from all the States and Territories are constantly coming in. The room in which it was hitherto kept was much too small, and by reason of three large windows, door and chimney-place, it could not be properly shelved and for the want of shelf room, many of the books were necessarily boxed, while others were promiscuously piled upon the floor. Recently, however, without suggestion, recommendation or consultation, the public-spirited and vigilant State Treasurer, in the interest of the State, reconstructed the former wood-room in the basement story of the Capitol, into which said library was transferred, each volume and document carefully overhauled, methodically arranged and partially catalogued. The library is now in a much better condition, but the room is too small, dark and damp.

If sufficient room cannot be furnished upon the second floor of the Capitol for both the Executive and Legislative Libraries, I would respectfully suggest that a proper room or rooms be finished upon the third floor.

Respectfully,

JNO. L. CRAWFORD,
 Secretary of State.

Of these companies the following have made requisition for arms and have not yet received them, there being none on hand of the kind desired: Pensacola Cadets, Santa Rosa Guards, Halifax Rifles, Orlando Guards, Tuscawilla Guards, Sanford Grays and Blues, Bruce Guards, Gibbs Guards, Duval Light Infantry, Tampa Guards, Seminole Guards and Green Cove Guards.

The First Florida Battalion have also made requisition for guns of a more improved and of lighter pattern than those now in use.

The enrolled militia is about what it was in my last report. The Legislature of 1883 not having made any appropriation for having the census taken as provided by law, the report is only an estimate of who are subject to military duty in this State otherwise than the volunteer militia, which is as follows, to wit:

ENCAMPMENT.

In order to stimulate the military spirit of our volunteer militia early in May, 1884, your excellency issued the following circular, which was sent to all the volunteer companies of the State:

OFFICE OF ADJUTANT-GENERAL, }
STATE OF FLORIDA, }
TALLAHASSEE, June 1, 1884. }

There will be held at Magnolia Bluff, Pensacola, an Encampment of the Organized, Uniformed and Equipped Volunteer Militia Companies of the State, commencing on the 17 of June and continuing about four days.

In the absence of any State appropriation to defray the expense incident to an Encampment the attendance of companies will be necessarily somewhat dependent upon their ability to participate, and the purpose of this letter is to ascertain the number of companies whose attendance can be relied upon.

Below you have outline of requirements and arrangements:

Companies participating must consist of not less than Sixteen Men, exclusive of officers, and must be fully uniformed, armed and equipped, and must furnish rations en route.

8 doc

Colonel W. D Chipley, Vice-President of the Pensacola and Atlantic Railroad, has courteously offered to furnish tents for the use of the Encampment, and free transportation over the line of the Pensacola and Atlantic Railroad between River Junction and Pensacola.

The best rates possible will be secured over other lines.

Rations will be furnished while in camp, but each company should be provided with a cook and cooking utensils.

Officers and men are expected to serve without pay.

You will notify the Adjutant-General at as early a day as possible, not later than 5th of June, whether or not your company will attend, also the number, as near as possible, including officers and men, that will attend.

Very respectfully,

J. E. YONGE, W. D. BLOXHAM,
Adjutant-General. Governor and Commander in Chief.

On June 7, 1884, the following orders were issued with reference to the Encampment:

GENERAL ORDER NO. 1.

Captain: On the 16th inst., you will proceed with your command, the Escambia Rifles, fully armed and equipped to Magnolia Bluff, and there establish and lay out a camp of instruction for the State Volunteer Militia Companies, going into encampment at that place. You will give name to and assume command of Camp and hold same until the arrival of Major W. B. Young, of the First Florida Battalion, when you turn over the same to him.

By order of the Governor and Commander in Chief.

J. E. YONGE,
To Capt. D. G. BRENT, Adjutant-General.
Commanding Escambia Rifles.

ENCAMPMENT ORDER NO. 2.

Major: Upon your arrival at Magnolia Bluff, the point designated for the Encampment of the Volunteer Military Companies, commencing on the 17th inst., you will relieve the officer then in command of the Camp, and assume and hold the same during the period of the encampment.

By order of the Governor and Commander in Chief.

J. E. YONGE,
To Major W. B. YOUNG, Adjutant-General.
Commanding First Florida Battalion.

The encampment was a success in every particular, excepting an accident that happened during the sham battle which will

be explained in the report of Lieutenant Foster, of the United States Army, which is found below.

The report of Major Young, who was in command of the encampment is also given.

WAR DEPARTMENT,
ADJUTANT-GENERAL'S OFFICE,
WASHINGTON, D. C., Aug. 6, 1884. }

3383 A. C. P. 1884.

The Adjutant-General of the State of Florida, Tallahassee, Florida:

SIR: I have the honor to transmit herewith for your information, a copy of a report made June 25, 1884, by First Lieutenant C. W. Foster, Third Artillery, concerning the duties performed by him and a detachment of eleven men at the encampment of Florida State Troops, near Pensacola, between the 16th and 23d of June, 1884.

Very respectfully,

Your obedient servant,
C. M. KEEVER,
Acting Adjutant-General.

FORT BARRANCAS, FLORIDA, }
June 25, 1884. }

The Assistant Adjutant-General, Department of the East, Governor's Island, New York Harbor, through Commanding Officer Fort Barrancas:

SIR: In compliance with Orders No. 104, dated Fort Barrancas, Florida, June 13th, 1884, I have the honor to submit to you the accompanying detailed report of the duties performed by myself and a gun detachment of eleven men, under my charge, at Camp of State Troops (Camp Chipley) near Pensacola, Florida, between 16th and 23d of present month.

Very respectfully,

(Signed) Your obedient servant,
C. W. FOSTER,
First Lieutenant, Third Artillery.

Detailed Report of duties performed by First Lieutenant C. W. Foster, Third Artillery, and a detachment of eleven enlisted men selected from Batteries "B," "K," and "E," Third Artillery, during encampment of Florida State Troops, near Pensacola, Florida, between June 16th, and 23d, 1884.

The detachment left Fort Barrancas, Florida, at 12 M., June 16th, taking with it one three inch field gun, tentage and ne-

cessary clothing, and at about 2:15 P. M., same date, arrived at the camp site, which is on a steep bluff (Magnolia Bluff) overlooking Pensacola Harbor, and about three miles distant from the city of Pensacola.

The plan of the camp approached as closely as practicable that laid down in Infantry Tactics (p. 335.)

It being arranged that the troops should eat at a restaurant, company kitchens were dispensed with; but beyond this, and except in the establishment of sinks, the plan of the tactics was followed throughout.

My detachment was the first to pitch its tents, and succeeding organizations established theirs to conform. A distance of sixteen feet was allowed from pole to pole (wall tents) and the tent cords were arranged to interlace.

At the request of the commanding officer of the camp I assumed the duties of officer of the day, though without regularly marching on guard as such, and spent the afternoon, night and a portion of the following day in giving instructions to the guard.

I drew up general orders for sentinels, in accordance with Army Regulations, par. 348 to par. 393, and copies of these were distributed among members of the guard to be learned. Also a copy of A. R. was placed in the hands of the sergeant of the guard, with orders to have repeatedly read to his guard all those parts relating to guard duty—a subject upon which I found the troops entirely ignorant.

Still from the intelligence and enthusiasm displayed by them the work of instruction was made comparatively easy. The members of my detachment also, in their intercourse with the State troops, assisted them to a knowledge of their duties as sentinels; and I may say further, that in this way they contributed during the entire encampment towards informing these troops upon many points relating to the duties of a soldier which are not otherwise easily learned.

The detachment drilled twice each day on the 17th and 18th, and once on the morning of 19th. These drills were carefully observed by an artillery detachment of State troops, taking part in the encampment solely for purpose of instruction.

At 3 P. M. on the 19th my detachment was exercised in target firing, the object aimed at being a painted barrel anchored in the bay at distance of 1200 yards. Five solid and six case shot were fired, but of the latter only three exploded. These case shot were fabricated in 1865, and their comparatively unserviceable condition was no doubt, in great part, due to deterioration of fuse (time) composition. It was not attempted to explode these case shot by percussion.

At 4 P. M. a short drill was had with horses, as a preliminary to the exhibition drill, which took place at 5.15. During this latter drill all the different actions and limberings were executed, also the abouts, the reverse, and dismounting and mounting piece and carriage. The drivers were selected from the detachment, and all gaits were taken during the drill. Blank cartridges were used.

During part of the afternoon I was present as one of the judges at a drill of two infantry companies competing for prize of State flag and seventy-five dollars.

At 3 P. M. on 20th solid and case shot were fired from 3-inch gun, as on previous day. At 4.30 o'clock I was present as one of the judges at infantry drill of the third competing company.

At 6 began a sham battle in which myself and detachment took part. The ground upon which the action took place was an open space, 125 yards square, in a wood.

The plan of battle was as follows:

The defensive force, composed of four companies of infantry and one detachment of artillery, was supposed to be in bivouac just within the wood on one side of the open space, and to have thrown up temporary works on edge of opening; numerous piles of small trees stretching along the line serving to represent earthworks.

The outposts of defense are driven in by skirmishers of offensive force, likewise composed of four companies of infantry and one detachment of artillery, but aggregating more than their enemy.

A portion of the defensive force forms and drives back the skirmish line, which closes to the right to support artillery, just coming into action in forward position opposite enemy's left centre, for the purpose of weakening this point before the attack. The enemy advancing in front in considerable force against this artillery, and sending out small flanking force, oblige retreat of battery to edge of wood, when the right wing of offensive force, reinforced from the centre, advances to the attack in two lines. The charge is repulsed, and the shattered first line forms behind its supports, which covers the retreat until the wood is regained. In the meantime the centre and left hold their positions in front of the wood, continuing to fire. The centre is then reinforced from wings for a second attack, the artillery previously having come into action on enemy's right centre. The second charge is also repulsed, the enemy taking full advantage of their earthworks.

On the right of the offensive line was a large stand for spectators, which very well served the purpose of a hill. Around the screen a flanking force is sent from offensive right, which is

reinforced, for a third charge in conjunction with this attack on flank.

The enemy is forced from his position. The plan was followed up to the point where the attacking force was about to advance to the second charge, when it was discovered that two men on the opposite side were wounded,—it was supposed at the time, by bullets.

Every possible precaution had been taken to insure the removal of ball cartridges from cartridge boxes, and the strictest scrutiny exercised to prevent the introduction of any except blank cartridges, but after the wounding of these men it was found that despite all precautionary measures, ball cartridges had in some manner escaped notice and been used.

The members of the company to which the wounded men belong were much incensed, and this, coupled with a fear that a still further inspection might be powerless to prevent a recurrence of such accidents, caused a suspension of the battle.

Experiments instituted on the following morning revealed the fact that in case of the blank cartridges fabricated in 1874, the powder had so caked, and the shell was so thin—either made so originally, or become so, due to action of acid generated from powder in process of caking—that in many instances the forward part of the latter was carried away by the force of discharge, and with such velocity as to perforate a half-inch pine board at distance of several paces. It was evident also, that the wad and a portion of the caked powder accompanied the piece of shell.

This information communicated to the Surgeons having charge of the injured men, convinced them that the wounds had been caused by these defective blank cartridges.

At 12 M. on the 21st I attended, as one of the judges, a competitive rifle firing contest between teams of five from each entering company. Four of the enlisted men of my detachment rendered assistance in conducting the firing, and the State troops had thus an opportunity of observing the exact method of target firing pursued in the army. The competition was confined to the 100-yard range, each person firing three shots, exclusive of one sighting shot. The highest score made by any team was 62 points out of a possible 75.

In the afternoon of this day the judges made out the scores of the companies competing for the infantry drill prize, and found that the winning company had an average mark of 4.3 out of a possible 5.

At six in the evening the members of my detachment competed for prizes offered to the three men best drilled in the manual of arms, with and without numbers. Sergeant Thomas

Briggs, Battery B, Third Artillery, was the winner of the first prize; Private W. F. Green, same battery, of the second, and Corporal Wm. Ferguson, Battery E, Third Artillery, of the third.

The managers of the Encampment offered these prizes exclusively to the members of the detachment on account of the satisfactory manner in which they had discharged their duties.

On Monday, June 23d, at 1:45 P. M., I left the camp with detachment, arriving at Fort Barrancas at 4 P. M., same date, (Signed)

C. W. FOSTER.

First Lieutenant Third Artillery.

JACKSONVILLE, FLA., December 26, 1884.

Gen. J. E. Yonge, Adjutant-General of Florida:

GENERAL: I have the honor to report that in obedience to Encampment Order No. 2, from your office, I did, on the 18th of June, 1884, assume command of the volunteer military companies encamped at Magnolia Bluff, in Escambia county, Fla. The troops in camp consisted of seven infantry companies, to-wit: The Escambia Rifles, Capt. Brent, commanding; the Gainesville Guards, Capt. Carlisle, commanding; the East Florida Cadets, Lieut. Wagner, U. S. A., commanding; the West Florida Cadets, Capt. Rivers, commanding; Companies A, B and C, First Florida Battalion, commanded respectively by Lieut. Call, Capt. Davis and Capt. L'Engle, and one section of artillery from Wilson's Battery, under command of Lieut. Barnett. Lieut. Foster, U. S. A., with a detachment of eleven men and one field gun from the Third United States Artillery, encamped and acted in conjunction with the State troops.

I found most of the officers of the State troops and all of the men lamentably ignorant of camp and guard duties and of the battalion movements, but this could not be otherwise, as they had never had any previous opportunity of learning them, and, with the exception of the three companies of the First Florida Battalion, none of the companies had received any training in the school of the battalion. All displayed a commendable desire to learn. The good discipline maintained throughout the continuance of the Encampment, and the cheerful obedience to orders, was remarkable, when we consider the fact that it was a new experience to nearly all. I found the officers and men of the several companies well instructed in the school of the soldier and of the company, and the drill of the Escambia Rifles and the East Florida Cadets was remarkably fine.

On the 20th of June all of the troops in camp participated in a sham battle, which was planned by Lieutenants Wagner and Foster, U. S. A., and which was proceeding finely when

two members of Company C, First Florida Battalion, were unfortunately wounded by fragments of the metallic blank cartridges used. As soon as this was reported to me I ordered the battle stopped, and the troops marched back to their quarters. The cartridges used were obtained from the government stores. Dr. Stollenwerck, of Company A, First Florida, was immediately detailed to take charge of the wounded. Every attention was shown them by the hospitable citizens of Pensacola. No serious results followed, and they soon recovered.

The troops were much benefited by their brief experience of camp life, and their efficiency would be greatly promoted if the State would make some provision to have them brought together annually into a camp of instruction.

I was much indebted to Lieut. Williams, of the Escambia Rifles, who acted as Post Adjutant, and to Lieut. Lovell, of the East Florida Cadets, who kindly consented to act as Sergeant-Major, for the zealous and efficient manner in which they respectively discharged the duties of Adjutant and Sergeant-Major.

Lieuts. Foster and Wagner, U. S. A., who camped with us, and the officers of the Third United States Artillery, who were stationed at Fort Barrancas and who visited our camp daily, rendered us every assistance in their power, and I feel greatly indebted to them for their valuable aid so cordially and so courteously rendered.

Having neglected to preserve the morning reports, I am unable to state the strength of the several commands.

On Monday morning, the 23d day of June, A. D. 1884, the Encampment was broken up, and the commanders of the several companies were ordered to take charge of their several commands and conduct them home.

Respectfully submitted,

W. B. YOUNG,
Major First Florida Battalion.

The State militia who were present at the Encampment are under many obligations to the officers of the United States Army who were present, and assisted our officers in establishing the camp, and in instructing them in military discipline.

These officers were: Major Burbank, Capt. C. W. Foster, Lieut. A. S. Wagner, Major Tierney and others.

Before leaving the subject I would respectfully suggest, as I have done in my former report, that the law be amended in regard to the duties of Sheriffs in delivering prisoners to the State Prison or contractors. The Adjutant-General, whose duty it is to keep a record of convicts, their description, term of sentence, discharges, escapes, deaths, etc., finds it quite difficult to keep a proper record of the convicts, because the Sheriffs fail to send descriptions of the convicts and commitments by the courts to him. I would recommend that the Sheriffs be required to send the descriptions of convicts and copy of commitment in duplicate to the Adjutant-General and to the contractors of convicts or Keeper of the State Prison within ten days after the delivery of the convicts to the contractor or Keeper of State Prison.

I herewith append the report of the Physician of the convicts for the past two years:

LIVE OAK, FLA., December 13, 1884.

GENERAL YONGE,

Tallahassee, Fla.,

SIR: By request, I enclose to your address a concise medical statistical report of the mortality of the State convicts for the last two years, under the supervision of Mr. H. M. Wood, near Live Oak, Fla.

The convicts have done remarkably well during this term or lease, as they present a healthy appearance, being exempted

during this time from any contagion or epidemic diseases. The mortality has been very light, considering their past history, and the number of prisoners received in the Penitentiary, and the death rate will not exceed quite 3 per cent. The number of prisoners averaged from 175 to a little over 200, and there have occurred only nine deaths in the two years, one from gunshot wound and eight from diseases. The primary cause of most of the deaths has originated from constitutions badly impaired or wrecked from chronic diseases before entering the Penitentiary, with the exception of one case which has been reported and died of congestion. The diseases that have been most prevalent among the convicts are intermittent types of fevers, influenza and bowel affections, but none of these have been of a malignant character. The hospital is commodious and furnished with a good nurse and hospital steward for administering medicines and giving attention to the sick. My visits to the hospital have been every other day, and every day if necessary. The diet has been carefully watched, so as to render it conducive to their general health.

In concluding this report I will add that their present locality is free from all large water courses or low lands that would expose them to malarial influences.

Respectfully,

J. S. HANKINS, M. D.,

Physician State Convicts.

Under Mr. Wood the convicts have been well treated, fed and clothed. He was required to give them the following food and clothing, and necessary medical attention, to-wit:

Be it Resolved by the Board of Commissioners of State Institutions:

That under the present contract for the hire of State convicts, the contractors shall provide for each convict, per day, the following ration:

One and a quarter pounds of fresh meat, or three-quarters of a pound of salt meat, or mixed; one and a quarter pounds of fresh corn meal bread; and to every one hundred rations fifteen pounds of beans or rice.

Also the following clothing for each convict:

Four suits of clothes per annum, so that each one shall, at all times, have two suits of material suitable for the season; also four pairs of shoes and two hats each per year.

Which has been done.

Some time last summer I caused the chaplain of the convicts to make inquiry as to the educational and religious statistics of the convicts, and the chaplain reported as follows:

UNABLE TO READ OR WRITE.

The Asylum now contains as many inmates as it can comfortably hold and needs extensive improvements and enlargements, especially in white female, colored male and female wards. An outlay of \$6,000 would be none too much and none more than is absolutely necessary. It is a charity that appeals to all and needs no especial advocacy on my part to the people of Florida to urge that the Asylum be put in a better condition.

With sentiments of greatest esteem and highest regard, and thanking your Excellency for the kind and uniform, courteous consideration which has characterized your treatment of me for the past four years, I remain very respectfully, your Excellency's obedient servant,

J. E. YONGE,
Adjutant-General.

Lieutenant-Governor Mabry then came forward and was sworn into office by Chief Justice Randall, after which he addressed the Senate as follows:

Gentlemen of the Senate:

It is made my duty, by virtue of the office to which the people of the State of Florida have elevated me, to preside over the deliberations of your body. In discharging this duty, it is my earnest desire that there shall exist between us a spirit of amity and co-operation. This, I feel, will not only add to the amenities of the session, but will be conducive of a speedy and harmonious performance of the duties devolving upon all of us. The rules which shall govern your body, and which it will be my duty to have enforced, will in a great measure be self-imposed, for you have the right, within the limits of the Constitution, to prescribe such as you desire. A willingness, therefore, on your part, to cheerfully conform to these rules when made is expected. Upon the important duty of presiding over your meetings, I enter with many misgivings of my ability to come up to the full measure of responsibility,

and I fear that on many occasions I will need the aid of your council, guidance and forbearance. It may be that on some occasions in the construction and application of the rules by which you are to be governed, I will come in conflict with some and possibly the most of your members, but on all occasions, I assure you it is my purpose to the extent of my ability to make impartial rulings. I desire, however, to impress upon your minds that whatever may be the rulings of the Chair, however faithfully and impartially the Chair may strive to enforce the rules which you may prescribe, yet without the support and co-operation of your body it will be impossible for order to be preserved and the business of the Senate dispatched in a proper manner. I doubt not that you fully appreciate the importance of having order and decorum in your body, and that you will aid me in my efforts to accomplish this result. It is no part of duty to influence your actions save in the contingency of a tie vote. Hence I will not undertake to call your attention to the matters of legislation which should come before you. That prerogative belongs to the Chief Executive of the State. I desire, however, on this occasion to express to you, and through you to the people whom you represent, my feelings of gratitude for the confidence placed in me in promoting me to the high trust which I this day publicly accept. Trusting that your session will be pleasant and agreeable and will result in good to the State, I proceed, without further delay, to perform the duty before me.

The following newly elected Senators then came forward and took the oath of office, which was administered by Judge David S. Walker, of the 2d Judicial Circuit of Florida:
